2. Embrace and communicate the Lloyd's Plumbing, Inc. core values in all aspects of their installations
3. Provide the highest quality plumbing installation expertise and innovative thinking that residential and commercial customers expect
4. Provide high quality solutions and recommendations in all aspects of installation: in setup, installation, demolition and cleanup
5. Accurately and effectively communicate the ongoing work status of the project to the Lead Drain Technician responsible for the project
6. Repair, install or replace interior and exterior drain, sewer and vent systems
7. Safety - perform all duties in conformance with appropriate safety and security standards
8. Demolition – perform all demolition activities according to Lloyd's Plumbing standards and guidelines
9. Excavation – perform all excavation activities according to Lloyd's Plumbing standards and guidelines
10. Plumbing – perform all plumbing installation activities according to Lloyd's Plumbing standards and guidelines
11. Hardscape and Landscape Repair – perform all hardscape and landscape repair according to Lloyd's Plumbing standards and guidelines

**Competencies**

1. Full understanding of city and county plumbing compliance codes
2. Able to interface professionally and appropriately with commercial and residential customers
3. Full understanding of Lloyd's Plumbing products and services
4. Demonstrate and communicate Lloyd's Plumbing, Inc. values
5. Present oneself in a professional manner with regard to attire, personal hygiene and appearance
6. Professional standards are commensurate with our organizational practices of appropriate business conduct, professionalism and dress code
7. Accurately and effectively communicate ongoing job or project status with Lead Drain Technician responsible for the project.
8. Possess technical knowledge that demonstrates an understanding of all possible plumbing problems and how to solve them
9. Build trust with customers and take an honest approach to customer interactions
10. Take responsibility for customer satisfaction
11. Knowledge will consist of technical problem-solving that will apply to the specific plumbing problems of individual customers

**Supervisory Responsibility**

This position has no supervisory responsibilities.

### **Work Environment**

While performing the duties of this job, the employee may be required to work in outside weather conditions. The employee is occasionally exposed to wet and/or humid conditions, fumes or airborne particles, toxic or caustic chemicals and vibration. The noise level in the work environment is usually quiet while in the office, or moderately to extremely loud when in the field

### **Physical Demands**

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. While performing the duties of this job, the employee is frequently required to speak, understand and hear. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, color vision, and the ability to adjust focus.

The employee is constantly required to use hands and fingers to feel, handle or operate objects, tools, or controls; and reach with hands and arms. The employee is required to climb, balance, stoop, kneel, crouch, crawl and walk.

Walking	60-80%
Standing	60-80%
